

STEFIX 350

FLOOR SCRUBBER

The Stefix 350 is the smallest floor scrubber of its kind. This machine has a 350 mm brush and a 500 mm wide suction nozzle. This makes this machine extremely suitable for cleaning small spaces. The machine has an impact-resistant plastic housing and is easy to dismantle for carrying out maintenance. An extension lead is unnecessary thanks to the 24 Volt battery. The adjustable control panel can be easily adjusted in height for proper ease of operation.

Advantages

- Immediately clean and dry
- Saves on labor costs
- Worn parts can be easily and quickly replaced
- Clean water tank is easy to fill
- Dirty water tank can be easily drained
- Controls are simple and user-friendly
- Machine is propelled by the brush's rotation

Technical specifications *

Specifications

Capacity	900 m ² /hour	Capacity of clean water tank	13 liters
Brush width	350 mm	Capacity of dirty water tank	16 liters
Suction nozzle width	500 mm	Dimensions (LxWxH)	620 x 500 x 400 mm
Brush pressure	25 kg	Weight without the battery (empty)	40 kg
Suction motor	24V 200W	Battery voltage	24V
Brush motor	24V 350W
