Brand	Empas
Type	Aardbeienspuitboom met 3x 6 dops mast
Tank capacity	0,00

Characteristics

- ✓ stainless steel strawberry spraying boom with 3 masts at 1200 mm centres
- ✓ boom is available horizontally or vertically
- ✓ nozzles are mounted per pair on a sliding tube of 800 mm, so that each nozzle is adjustable in height
- ✓ outer 2 spray masts are adjustable 200 mm in width (slides over horizontal support shaft)
- ✓ each mast can be locked separately with a crane
- ✓ available in any length and type of nozzle
- ✓ available for pipe rail or with pneumatic tyres
- ✓ especially for strawberries
- ✓ 6 Empas nozzles per mast with a 8002Vk nozzle, each nozzle lockable
- ✓ Available with multiple spray masts
- ✓ this is screwed to a brace again, so that the nozzles are +/- 200 mm. in front of the support frame
- ✓ horizontal support tube is mounted at 90 cm from the ground
- ✓ pressure gauge / pressure filter and central valve fitted
- ✓ both loose and with wheeled chassis
- ✓ with lifting device for transverse movement
