

# SPIJKSTAAL 210

## ELECTRIC TRACTOR

The Spijkstaal 210 is multifunctional because of a combination of a 300 kg load-carrying capacity (load area of 700 x 750 mm) and a towing capacity of up to 2,500 kg. Its low platform height, step height of 240 mm, excellent suspension and perfect ergonomics ensure the best possible use comfort. This Spijkstaal tow tractor is extremely suitable for use inside and outside because of its slight width of no more than 750 mm and the small turning radius.

### Benefits:

- Excellent price/quality ratio
- Saves on labour costs
- Simple control and user-friendly
- Low footboard
- Short turning radius
- Container

### Technical specifications\*

#### Properties

Towing capacity	2,500 kg
