

# STEFIX 150 FLOOR SWEEPER

# Specifications

The Stefix is a unique sweeper with a sweeping width of 1.500 mm including 2 side-brushes. The machine was developed and designed by Steenks Service itself. The machine is unique because of its wide sweeping width combined with its capacity and simplicity. The 6 m<sup>2</sup> dust filter makes the machine highly suitable for sweeping both dirt and fine dust. Thanks to the electric drive on the front wheel and simple operation, a capacity of 9,000 m<sup>2</sup> per hour is achievable.

## Advantages

- Sweeps 1.5 meters in one go
- Saving labor costs
- Dust-free sweeping through a large fine dust filter system
- Easy in use and maintenance
- Parts are easy to change
- Dirt tray can be easily removed for emptying

## Technical specifications \*

### Specifications

Capacity	9,000 m <sup>2</sup> /hour	Bulk waste flap
Sweeping width of central brush	1000 mm	Hour counter
Sweeping width with 2 side brushes	1,500 mm	Horn
Capacity of dirt tray	88 liters	Electrical filter shaker
Filter surface area	6 m <sup>2</sup>	Flashing light
Dimensions (LxWxH)	1440 x 1220 x 1150 mm	Battery indicator
Weight without the battery (empty)	293 kg	
Transmission	Electric	
Wheels	Solid rubber non-marking	
Batterijspanning	24V
