

STEFIX 170

FLOOR SWEEPER

The Stefix 170 is the biggest and widest floor sweeper of its class. It has a robust steel frame and is fitted with a strong hydraulic transmission. Thanks to the large suction power, a separate suction hose can be connected so that the smallest corners can be reached. The machine is fitted with a large dirt collection tray which can be emptied hydraulically at different heights in a waste container. The machine is also fitted with a large 36 Volt traction battery enabling you to clean more than 13,600 m² floor area per hour.

Advantages

- Dust-free sweeping thanks to large fine dust particle filter system
- Saves on labor costs
- Easy maintenance
- Worn parts are easy to exchange
- Extra suction hose
- Hydraulic transmission and brush drive
- Hydraulic height-adjustable unloading system for the dirt tray
- Also available with diesel engine
