### More information about Ground cover floor sweeper Stefix 135

With the Stefix 135 Cultivation Floor Sweeper you will have a perfect sit-on sweeper, that is suitable for sweeping soft or uneven surfaces, such as floors or outdoor cultivation areas. This cultivation floor sweeper has been especially designed for growers who work on ground cover or foil. Because this machine has wide front and rear wheels and the front and rear axles have different widths there will be no traces on the ground and everything stays nice and flat. This machine is also suitable for sweeping fine dust.
